Faith Jeffries, Administrative Assistant
Jill Goodwin, FACS Teacher
Stacy Pope, Parent

Members Absent

Sheri Pierce, Nurse
David Pitts, PE Teacher
Sarah Durman, Kitchen Manager

- I. Welcome
- II. New Year counts
 - A. Doneva states lunch counts are up this year. Higher at Jasper than they have been in the past. Average trays per day in October was 431.
- III. Classroom Parties compliance
 - A. Smart Snack compliance- We need to make sure the classroom parties are serving smart snack compliant snacks at the classroom parties. They can go online to the DESE website and find the calculator and see if the snacks they are serving are compliant.
 - B. Pre-Packaged Snacks- We also need to counsel the parents to bring pre-packaged snacks to classroom parties and for snack time. This is due to allergies for health risks associated with poorly prepared food or poor hygiene.
- IV. Vending Machine compliance
 - A. All vending machines that are in common areas with students need to follow smart snack guidelines or be monitored by teachers or staff. As of now, all machines fall within guidelines with the exception of the vending machine in the cafeteria. It is compliant with guidelines for JH and HS students but not Elementary students. It is monitored by staff, and elementary students are now allowed to purchase products from that machine during school hours.
- V. Next Meeting
 - A. The next meeting will be held February 19, 2019 at 2:00 p.m. in Mrs. Hess's office.
