### Monthly Update ○ April 2024

## UPDATES

Dear Jasper R-V Families,

It's already April, and I can't believe how quickly time is flying.

### Assessment Season

State testing (MAP or EOC) begins at the end of April. The testing calendar is [here](#). Thank you for helping your child get a good night of sleep and a healthy breakfast on test days.

### Godfrey Gym Interior Doors

Thank you for your flexibility as we wait for the construction company to inspect the Godfrey doors. I contacted the company again today to request an inspection as soon as possible. We will post on Facebook when there is an update; until then, the status is unchanged.

### Parent Survey Follow-Up

Thank you for taking the time last month to complete the parent survey about communication. Results of the survey are [here](#). In addition, our administrative team is reviewing comments about types of communication that might be most helpful for you. We are grateful for your feedback!

Here's to a fantastic April!
